

PUBLIC NOTICE
Request for Qualifications (RFQ)
Professional Engineering Services
City of Titusville Community Development Block Grant

The City of Titusville is seeking proposals from qualified engineering firms to assist with the implementation of its FY2019 and FY 2020 Community Development Block Grant (CDBG) projects. Eligible firms will develop plans for a new park space and improvements to an existing recreational complex within the City. The scope of this service requires both architectural design and engineering work. A firm will be retained to prepare plans and specifications to execute the park designs, including establishing cost estimates and timelines, and providing inspection on completed projects.

Firms will be evaluated and selected based on qualifications as set forth in the RFQ. The City of Titusville will seek to negotiate a contract with a firm that it determines is most qualified to perform the required services.

Copies of the RFQ are available on the City of Titusville webpage, <https://cityoftitusvillepa.gov/>, or by emailing Neil Fratus at manager@cityoftitusvillepa.gov. Inquiries can also be made by phone at 814-827-5300, or by email at the previously listed address. Each submission shall contain one hard copy and one digital copy of the RFQ proposal. Proposals must be submitted by 4:00 PM, Friday November 12, 2021.

Proposals should be addressed as follows:

Mr. Neil Fratus, City Manager
Attn: CDBG RFQ Submission
City of Titusville
107 North Franklin Street
Titusville, PA 16354
